## FUYL Cell™

LocknCharge's FUYL Cell combines innovation, strength, and versatility to deliver a truly unique storage and charging solution for BYOD and one-to-one Apple deployments.

Pictured:  
**FUYL Cell Station**  
(3 x FUYL Cells and FUYL Pedestal)

-  **Safe.** FUYL Cells are designed to store and secure your valuable Apple devices. Each Cell has five individually lockable compartments.
-  **Safe and Secure.** Equipped with Digital Locks that work just like a hotel safe. This means that individuals self-manage the security and charging of their Apple device, relieving IT administrator time and resources.
-  **Charging.** Each compartment features two USB ports as well as a power point in each compartment, so that your Apple device is fully charged when you need it.
-  **Modular and scalable.** Mount the FUYL Cells on a wall or stack them on top of one another. It's your choice! FUYL Cells are designed to adapt to almost any environment.
-  **Fully ventilated.** Uniquely designed for passive ventilation to minimise heating during charging.
