

iQ 16 Sync Charge Box™

Sync and charge up to 16 iPad, iPad Air, iPad mini or other iOS devices.

Efficient syncing. Using synchronisation software, the iQ 16 Sync Charge Box™ can sync up to 16 iPad, iPad Air or iPad mini devices simultaneously.¹

Charge on mass. The iQ 16 Sync Charge Box is equipped with 16 (2.1 amp powered) USB ports so you can connect and charge up to 16 devices at the same time.

Designed to be portable. The iQ 16 Sync Charge Box is a hand held USB hub that can be carried to locations where iOS devices are stored.

Compatible. The iQ 16 Sync Charge Box is designed to connect with any iOS device.

12 month warranty. LocknCharge Products are built to last the distance.²

It just makes life easier.

Intelligent power management system. The iQ 16 Sync Charge Box automatically stages the availability of power to each port. This function prevents the potential of overloading the circuit and protecting your devices.

2.1 amps of power at each port. Why is this important? 2.1 amps per port (x16) makes charging more efficient than conventional USB chargers. Not only does this represent a significant saving in time, it can also significantly improve battery efficiency.

Portability... The iQ 16 Sync Charge Box is designed to be portable, made possible with the built-in handle. This means that charging and syncing can occur almost anywhere.

Simultaneous syncing... The iQ 16 Sync Charge Box can sync up to 16 iPad, iPad Air, iPad mini or other iOS devices simultaneously with all your selected apps, books, movies, podcasts and music.
